

Tips for Buying Your 1st Porsche

A [Porsche is a beautiful car](#) to own. Not only does it have class, but it has power. When thinking of purchasing your first ever Porsche, there are some tips you need to keep in mind. This is likely one of the biggest purchases you've ever made, which makes it one that you should take your time with.

Top Tips for Purchasing a Porsche

1. Consider purchasing a “hobby Porsche” as your first. This one you can work on and get the benefits of building yourself, while also saving money.
2. Narrow down your choices by considering the model of Porsche to buy. Consider the price, year and desire to own. The '74 to '77 models provide a great selection.
3. Know the model of choices weaknesses and strengths when it comes to purchasing one. You want to know what it can do, but also what it is not going to be able to do. This way, you're more familiar with the model and the specific Porsche.

4. Document where you go to search for your Porsche. After so many weeks of searching, you may find yourself looking at the same ones repeatedly if you're not carefully documenting where you've been and what you've looked at already.
5. Beware of sellers and titles. Know the history of the Porsche you want to purchase. Some sellers will try to sell vehicles in a different state other than where it is from, completely washing away "Salvage" from the title. You don't want a salvaged vehicle, since this is not a vehicle worth anything at all.
6. Try out the many models of Porsches. You may be surprised that you like how one handles more than the other, or the look of one and not the other. When you drive it around and admire it from afar, you can learn so much more about it.
7. It is important to note that if you're purchasing your Porsche from an out of state seller, it is extremely important that you keep it safe during transit. By hiring an automobile shipping company who can ship the car in an enclosed carrier such as [A1AutoTransport Inc](#), you won't have to worry about something happening during transit.
8. Ask for a pre-purchase inspection. A lot of mechanics are more than happy to go out and check out the vehicle for you for a small price, even if you're not living in the immediate area. They will then report back to you with their findings prior to having you purchase the vehicle if it is not worth it or not what it says it is. Be sure to hire a Porsche certified mechanic to inspect or work on your Porsche.

A Porsche is a [great car to own](#), but know that purchasing one should take serious thought. You want the perfect one to show off, so why not keep tips in mind when the time comes to purchase your own. You may be able to pass it down to your kids later down the road. Buying a Porsche is a thrilling experience and one you'll be happy with for years to come.
