Our Three Rivers Midweek drive August 20th started from the Two Rivers Heritage Museum parking in Washougal, WA. This drive that Dan Wilson put together exceeded expectations!

We enjoyed wonderful roads, stunning scenery and great camaraderie throughout the day. Dan mentioned in an email to the group that it was to be an all-Porsche sports car line up! Not a Macan or Cayenne in sight!

We encountered countless uphill turns, followed by great views of Mt. Adams. Dan provided us with an equal amount of twisting roads on our way back to The Dalles for an excellent lunch at the Bargeway Pub.

This drive that Dan Wilson put together exceeded expectations!

Everyone was smiling and enjoying their cars, their friends both new and old and the great route that Dan put together.

Thanks to our lead and sweep volunteers (Jim Goetsch, Tosh Kanno, Fred Holzheizer, Kevin Poling, and of course Warren Pease) for guiding us.

This friends, was the epitome of what an ORPCA tour looks like and what makes our Club special. ■
