The Club's History

Porsche Club of America (PCA)

- Bill Sholar's first Porsche was a 1953 356 Coupe
- Out of frustration of having no organization to turn to with questions about his car, he invited a small group of Porsche owners to his home
- Twelve people made plans to get together from time to time to talk and work on their cars
- They decided to form a club and the first meeting was in September 1955 at Blackie's Grill in Alexandria, Virginia

Oregon Region Porsche Club of America (ORPCA)

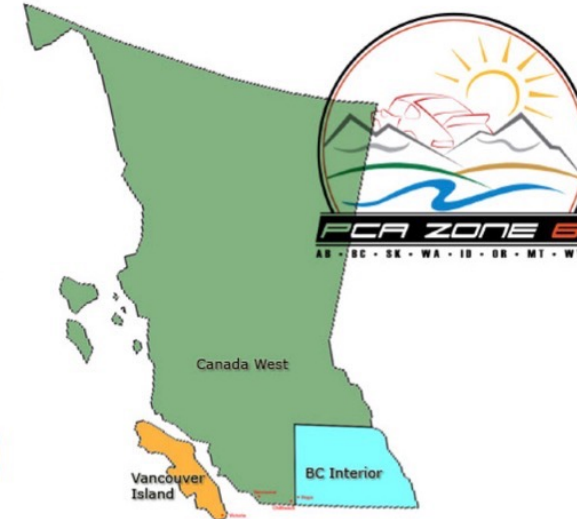

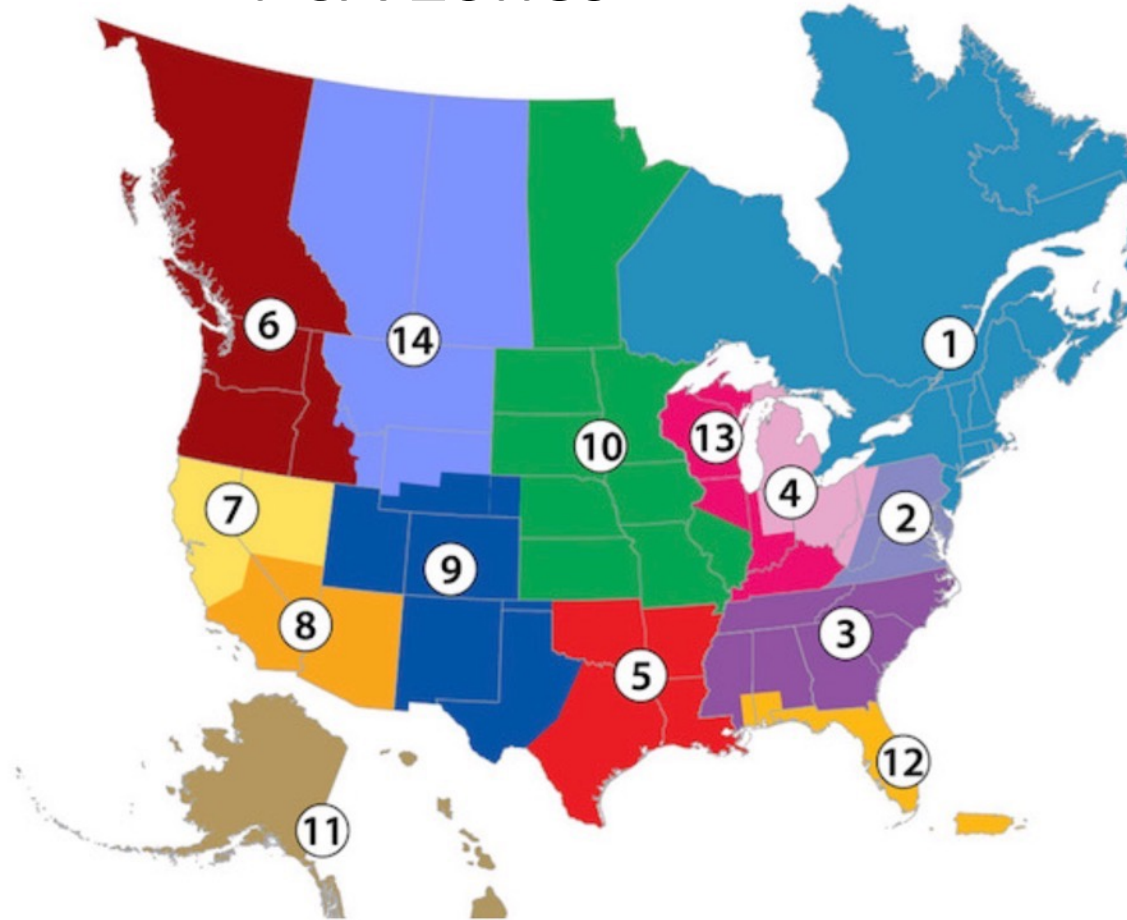

- The Oregon Region's first meeting was on July 24, 1960
- We celebrated our 61st Anniversary last year at a gathering at Steve and Winnie Miller's home

A group of approximately 15 people, including men, women, and children, are posing for a group photo outdoors. They are standing in a line, some waving at the camera. The background features a dense forest of tall evergreen trees. In the distance, a suspension bridge and mountains are visible under a clear sky. On the left side of the photo, a white sign with black text reads "NO OVERNIGHT CAMPING". Another smaller sign is partially visible next to it. The people are dressed in casual summer attire, such as t-shirts, shorts, and hats.
